

LUPIT POLE GRIP

INNOVATIVE SOLUTION exclusively designed for pole dance using **NANO-technology** for the best grip:

- solves the **problem of wet, sweating hands** causing slippery grip on the pole (use the pink side of the pillow).
- can be used to **treat the surface of the dance pole** for better grip and to increase the friction (use the black side of the pillow).
- very **handy**, shape of a small pillow 4.72 x 4.72 inches.
- **less skin burn** at drops and tricks.
- **works with all known pole coatings**: stainless steel, chrome, brass, powder paint coating.
- lasts for longer time, **many usages**.
- **extremely hydrophobic nano substance** will keep the sweat and water away from the pole and hands.
